Minutes of 07/04 Approved Al Jack Seconded Shirley Grant

Police Report PC R Sandeman Speeding in village was raised again.

Final Report . Annual Accounts to be verified before AGM.

SG Planning updates and comments forwarded out to members for input.

Donkey Hill Track Meeting with Crieff Hydro and a Public Statement issued. Friends of Donkey Hill Track to raise further concerns and matters with the Authorities for their input into the matter. Crieff Hydro is carrying on with the Projects and animals are already in situ. Contact HHLF for a funding avenue and site visit. Awaiting update.

Fiona Sangster Shinty Fence awaiting quotes for works. Retendering going out to contractors.

Trees at the COOP Chipping the brush to contact HC for input. Awaiting response.

Trees at Shinty Park wall are made safe, still concerned regarding the safety of trees due to conditions.

Speeding in village is an ongoing issue; Police have been notified

Christmas Lights replacements to contact suppliers for costing. Contact HC regarding East Laroch Cable fault awaiting response.

Village Planters to contact Local Businesses for their input for sponsorship.

Local Place Plans to be raised with other groups as an ongoing issue.

Planning Applications contact the Planning Department with the Community concerns on several Planning Applications that have been

raised and receiving no responses to points raised. 24/02787/FUL, 24/04601/FUL are both Under Consideration. Received response from William Langdon Planning Officer. The response does not cover the apparent breaches of both applicants. Both have been in use prior to their applications and have been in use since their application applications were submitted. The lack of enforcement or clarification is making the Planning process obsolete.

Medical Centre a Community Council email was sent with our concerns from residents and stating the Patient Charter is the model to follow as the starting point for Community medical practice. We await a further update from the Medical Centre due to the lack of staff. At this point reinstating the PPG should be an urgent matter to bring the residents' concerns to the Practice in a clear and transparent manner. No response from Medical Practice? We will contact Medical Centre for further information.

Patient Participation Group looking to reinstate group and raise funds for Defibrillator Maintenance Cost.

AOCB

Youth Engagement with the Community Council and the members of the Community is to be encouraged.

Bear Scotland no response to flooding at pedestrian Core Path.

Emergency Plan update by Community Council to be done before next meeting.KS
